MINUTES

The 3rd World Meeting was held in Mallorca, Spain, in 1972, at the request of the National Secretariats of Latin America. They were trying to make a new Leaders Manual, which was accepted by everyone.

This created many tensions, which were overcome by charity and apostolic spirit of the leaders.

The following papers, which were published by the Latin American Group (GLCC) in the book "New Currents in the Cursillo Movement, were presented ":

1. - The Precursillo. - Presented by P. José García Cascales, representing the National Secretariat of Austria.
2. - The workshop, presented by Fr Paul Canelles, representing the Brazilian National Secretariat.
3. - The Postcursillo. - By Carlos Mantica, representing the National Secretariat of Nicaragua.
4. - The Secretariats. - Presented by José Manuel and Olga Yrigoyen, representing the National Secretariat of Mexico.
5. - The School. - By Antonio Bustorff, representing the National Secretariat of Portugal.

The great merit of this meeting was that there were elected editors and the coordinating country of what today would be "Fundamental Ideas of the Cursillo Movement", the final draft of which would be carried out in Mallorca from April 15th to 21st, 1974, under the coordination of the National Secretariat of the MCC of Venezuela.
